Dear Mr./Ms. Radke:

Thank you for sending us case-related documents. We are in the process of moving offices (new address above) and have been informed by the University of Houston that our new office will not have storage space. Therefore, we are in the process of electronically scanning our files. We have scanned documents related to your case and are returning the originals to you for your files. Please be advised that we are continuing to investigate your claim of actual innocence. We are merely returning your original documents since we now have electronic copies.

Sincerely,

Texas Innocence Network
